

NATIVE HAWAIIAN PLANT SOCIETY

MEETING - LOULU

February 23, 1990

KAHULUI LIBRARY

7 p.m.

Pritchardia munroii Rock
The last of its kind in the wild.

LOULU or *Pritchardia* is the only genus of palm native to the Hawaiian Islands. ROBERT HOBODY will speak on recent classification changes, island distribution and propagation of *Pritchardia*. Slides will accompany the talk.

Pritchardia affinis Becc. seedlings, donated by National Tropical Botanical Garden, will be distributed. Oasis Maui is offering COMPLEHUMUS samples. Maui Coffee Roasters and Cook Kwee's Maui Cookies will treat us to refreshments.

Please join us on February 23, 1990.
